Instructions for Data Entry

All Fields must be entered for form to be accepted by the system.

When you enter the hours that is the number of hours for each member.

For Example – If you have an event that was over 3 days, you can enter the event as a 3-day event, use any of the days as the Date of the Activity, enter the total number of members that attended the event (don't count them for each day, just a total count of members). Now total up your hours for the event and divide by the number of members. This will give you an average per member. Enter this in the Hours field. The form will do the math to figure out the Dollar value (\$24.69 an hour).

Enter the total miles driven (remember it is from home to event and back). Value is \$0.14 a mile and it does the math for you.

Enter any donations given. If you were donated anything of value and you then donated it to a charity or provided it to a community service it goes here too.

Be sure you clarify anything in the description box. Particularly multiday events. Make sure high dollar values events are fully explained. Any questions ask.

After clicking on the number, a window will open showing the events that you have in that category. If you have more than one, you can scroll to see more.

The screenshot shows a software interface with a 'Program Reporting (NEW)' window overlaid on a data table. The window contains the following information:

Record	1	District	1	POST	3726	Submitted Date	5/22/2020
Program		Community Service	Date of Activity		5/22/2020	Hours	5
Miles	100		Members	2		Dollars Spent/Donated	100
Dollar Value	260.9		Total Dollars	360.9			

Below the summary, there is a 'Description' field with the text: 'test test setset test test estset'. At the bottom of the window is a 'CLOSE' button.

The background table is a grid with rows for Districts (1-6, 32) and columns for various activities. A red circle highlights the number '1' in the 'POST' column for District 1. The table also has columns for 'Audits' (#1, #2, #3) and 'Program Reporting' (Quarter 3, Quarter 4).
